

# Aquatic Protection

## DeWitt Deluxe Pond Netting & Pond Netting

DeWitt **Deluxe Pond Netting** is a sturdy, safe material to install over ponds to prevent leaves and other debris from entering the pond environment, while protecting fish and other pond life from predators. DeWitt **Deluxe Pond Netting** is constructed of 1/4" polypropylene strands bonded together, and is UV-treated for longer life. DeWitt **Deluxe Pond Netting** allows sunlight, air and moisture which helps maintain the proper biological balance for all pond life. DeWitt **Deluxe Pond Netting** is easy to use and install. Regular **Pond Netting**, which is constructed of 3/4" polypropylene strands, is also available.

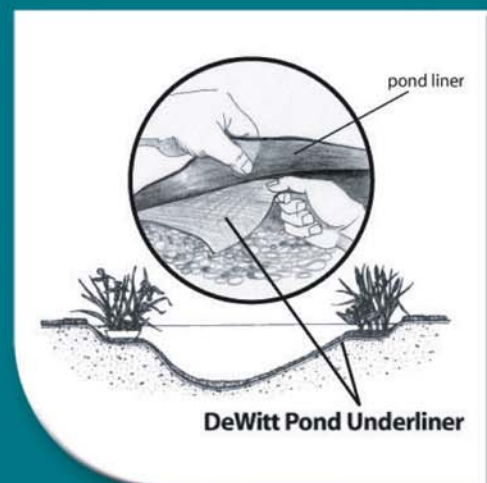

### Benefits

- Protects fish and other water life from predators
- Keeps leaves and other harmful debris out of pond
- Humane deterrent to help keep children and pets out
- Made of durable, safe, UV-treated polypropylene
- Allows sunlight, moisture, and proper ventilation
- Helps extend the life of the pond

## Pond Underliner

DeWitt **Pond Underliner** is a durable, clean and safe material to install under ponds instead of using cardboard, newspapers, sand, or old carpet padding.

DeWitt **Pond Underliner** is constructed of a nonwoven needle-punched 6 oz fabric. This material will help protect your pond liner wall from stone punctures and also cushions the pond wall for fish. In addition, the underliner material allows gases to escape which helps maintain the proper biological balance for all pond life. DeWitt **Pond Underliner** is easy to use and install.

### Benefits

- Helps prevent holes and leaks in liner
- Provides a stable, lasting foundation
- Can be used in any type of pond
- Environmentally safe
- Virtually indestructible
- Helps extend the life of the pond
