

Non-Woven Landscape Fabrics

DeWitt Weed Barrier® 3 Yr.

Great for Economical Landscapes!

DeWitt Weed Barrier® 3 Yr. is an entry-level garden fabric used to suppress weed growth without the use of chemicals. Allows air, water and nutrients to pass through. It conserves soil moisture and promotes plant growth by eliminating competing weeds.

DeWitt Weed Barrier® 3 Yr. is a UV treated fabric.

DeWitt Weed Barrier® 6 Yr.

Great for Economical Landscapes!

DeWitt Weed Barrier® 6 Year is a cut above the competition's upper entry-level products. Ideal for short-term weed control for annual plantings, this polypropylene product consists of three layers of laminated spunbond fabric for added strength and extra light blockage.

Anchor Pins

DeWitt Anchor Pins properly secure and anchor landscape fabrics, ground coverings and drip irrigation tubing. These special galvanized steel pins are angled at the ends for faster and easier installation. Use Anchor Pins to permanently and professionally anchor all of our fabrics.

DeWitt Weed Barrier® 12 Yr.

Excellent for Long-Term Landscapes!

DeWitt Weed Barrier® 12 Year is an easy-to-use, environmentally safe fabric that controls weeds before they start. Its unique design provides several advantages over conventional weed barrier products.

It is fabricated using a spun-bond method, which sandwiches melt-blown material between two layers of spun material, forming a powerful 3-ply layer of weed protection. Plus, the fabric's higher carbon black content provides superior light-blocking capabilities to protect against the toughest perennial weeds. The design also prevents unraveling and makes the material easier to cut. In addition, DeWitt Weed Barrier® 12 Year is hydrophilically treated, providing improved water and nutrient flow through the fabric.

DeWitt Weed Barrier® 12 Yr.

Earthtone

Ideal for Style-Conscious Landscapers!

DeWitt Weed Barrier® 12 Year Earthtone is a two-color, UV-treated, spunbonded fabric, which offers the same benefits as DeWitt Weed Barrier® 12 Year. However, the fabric has an earth-tone colored layer giving it a natural look – versus traditional black fabric – which makes it ideal for use with bark or mulch. This one-of-a-kind fabric is only available through DeWitt Company.

Rolls of consumer DeWitt Weed Barrier® are available in disposable displays and permanent retail sales racks.
